ROCK PLANTS AND IRIS

DESCRIPTIVE
LIST

CARL STARKER
JENNINGS LODGE
OREGON

Telephones—Oak Grove 195-M
Oregon City 8-F-13

INTRODUCTION

OUR gardens are situated on a paved highway ten miles south of Portland, Oregon, on the Oregon City car line, two blocks east of the River road at Hull Avenue station. We have been established since 1915, and have been gradually building up a fine collection of rock plants and iris. Beside the commoner varieties, we have many rare and interesting rock plants, and our collection of tall bearded iris is unusually complete. We have the largest collection of dwarf bearded iris in the west, besides a very large number of Japanese and other beardless iris. Our search for specie iris has been so well rewarded that we can list a number of varieties which are but rarely catalogued.

Order Early. Early orders are suggested to prevent disappointment in case the variety should be sold out. Please write your name and address plainly.

Stock. All orders will be filled with good strong plants that will be reasonably sure to bloom the first season.

Terms. Cash should accompany the order in all cases. No order will be accepted for less than \$1.00. Make checks payable to Carl Starker, Jennings Lodge, Oregon.

Postage. We prepay postage and ship promptly.

We do not substitute.

As an inducement for quantity buying, we give six plants of one variety for the price of five. Considering the size of the plants we furnish, our prices are exceptionally low.

ROCK PLANTS AND PERENNIALS

Realizing that most gardeners want plants that require no pampering, my list includes only a few that are at all difficult to manage. I am continually adding to my stock from the best European sources, and shall by next year be able to list many more new plants of interest. Besides the plants now listed I have limited quantities of many other varieties in my garden. Write me regarding your wants.

If your space permits, by all means use several plants of one kind, rather than one plant each of many kinds. The result will be much more pleasing.

Please order and plant early if possible—early planting is one of the biggest factors of success; besides, stock in some cases is limited.

HARDY PERENNIALS AND ROCK PLANTS

Price of all plants except where noted 25c

Acaena Glauca. Dwarf trailing evergreen foliage of a bluish hue; close spiny heads of flowers. Fine for carpeting.

Aethoenema Grandiflora. Rosy pink flowers. Much like candytuft. May and June. 35c.

Alyssum Saxatile Compactum. Neat bushes, hoary foliage, large heads of golden yellow flowers.

Aconitum Autumnalis. Sept.-Oct. Large blue flowers in racemes. 3-4 ft.

Aconitum Fisheri. Dwarf variety. 2-3 ft. Sept.-Oct. Very useful.

Androsace Languinosa. A trailing plant with silky gray foliage and rose colored flowers. A lovely alpine. 40c.

Anemone St. Brigid. Very early poppy-like flowers of various colors.

Anemone Hupensis. A pretty species from central China with pale mauve flowers from August to late fall. 35c.

Anemone Pulsatilla. Pasque flower. 9-12 in. high. Large flowers, lilac to purple. April and May. An interesting plant for the well drained rockery. 40c.

Aquilegia Flabellata. Nana Alba. Flowers pure white. Plant dwarf. Japan.

Aquilegia Long Spurred Hybrids. Wonderful colors.

Arabis Alpina Flore Plena. Double rock cress. Flowers in dense masses. Splendid for early color.

Arabis Alpina Rosea. Soft rose colored flowers.

Arabis Alpina Variegata. Variegated yellow and green foliage. Very showy.

Arenaria Balearica. A real gem for carpeting a moist, shady spot.

Arenaria Montana. Close tufts of white flowers early in the season.

Armeria Formosa. Neat tufts of dark foliage, round heads of light pink flowers.

Armeria Martima. More dwarf than the preceding, with abundant rose pink flowers.

Aster Alpinus. Large purplish flowers with brilliant yellow centers. Blooms in May.

Aster Alpinus Goliath. Beautiful lilac. 30c.

Aster Bessarubicus. Fine heads of lilac flowers. 12-18-in.

Aster Climax. Large flowered lavender. One of the showiest.

Aster Cassubicus Grandiflorus. Dwarf dark blue. Fine.

Aster Delavayi. Flowers solitary, large. Delightful shade of lavender blue. Conspicuous jet-black disc. One of the most beautiful of recent introductions. China. 35c.

Aster Mauve Cushion. New hardy Japanese aster. Forms a cushion-like plant 2-3 ft. in diameter and 4-6 ft. high, literally covered with mauve flowers in October.

Aster Perry's White. Remarkably free flowering. Well branched.

Aster St. Egwin. Pleasing rosy pink. Free blooming.

Aubretia Hybrids. Various shades of pink, rose, lavender, and purple. Neat tufts of foliage smothered with flowers in early spring.

Auricula. Handsome primrose-like plants. Foliage covered with whitish powder. Flowers in clusters. Many colors. 35c.

Calmintha. Alpina. Very graceful with rich purple flowers. 6 in.

Campanula Carpatica. Compact tufts of rich blue and white flowers. June to October.

Campanula Glomerata. Large heads of light blue flowers. Very dwarf.

Campanula Moerh Eimei Alba. Similar to *Persicifolia*, but double white flowers. Very waxy and fine textured.

Campanula Moerh Eimei. Coerulea. Double blue. Same as above.

Campanula Rotundifolia. Blue Bells of Scotland. Slender branching plants with dainty blue flowers from May to November. Very free flowering.

Campanula Turbinata. Much like *rotundifolia*, but larger in flower.

Campanula Persicifolia Alba. One of the finest campanulas, with large handsome white flowers in 2-ft. spikes.

Campanula Persicifolia Coerulea. Blue. An excellent companion to the white one.

Campanula Persicifolia Backhousei. Very large flowered English hybrid. Colors mixed. 50c.

Campanula Pucilla. Blue. Very dwarf and graceful. 2-4 in. 35c.

Campanula Pucilla Alba. Blooms July and Aug. 35c.

Cheiranthus Allioni. Alpine Wallflower. Covered very early with dazzling orange flowers. 8-10 in. high.

Cheiranthus Cheiri. Wallflower. Wide variety of colors. Some wonderful shades.

Cheiranthus Linifolium. Free flowering lilac. Blooms nearly all summer.

Chrysanthemums. Doubles and singles. Wide variety of colors.

Crucianella Stylosa. Tangled masses of foliage with crowded heads of rose colored flowers.

Delphinium Chinensis. A very pretty species with feathery foliage and intense gentian blue flowers. 12-18 in. June to October.

Delphinium Belladonna. Silver blue flowers. Very free flowering. 36-60 in. July to October.

Delphinium, Wrexham and Langdon Strain. Wonderful shades of light and dark blues and lavenders, both singles and doubles. 50c.

Dianthus Alpinus. Very dwarf. Flowers rose to crimson 3-4 in. high, May and June. 35c.

Dianthus Alwoodi. Rose with a dark eye. A very heavy bloomer.

Dianthus Deltoides. Maiden Pinks. Rose colored flowers. June to August. Free flowering 4-6 in.

Dianthus Deltoides Splendens. Carmine rose flowers, dark foliage.

Dianthus Hedwigi Salmonea Lacinatus. Extra large fringed, pink.

Dianthus Lacinatus Alba. Fringed white. Very sweet scented.

Dianthus Superbus. Flowers pale lilac. Very much fringed. Extremely fragrant. July to September.

Digitalis Buxbaumi. Yellow Foxglove. Flowers marked with brown.

Digitalis Monstrosum. Finest large flowered mixed.

Erigeron Speciosus. Beautiful shades of blue. 18 in. June to September.

Erinus Alpinus Alba. Very attractive tufts of green foliage with white flowers. May to July. 3-4 in.

Erinus Alpinus Carmineus. Same as above, but with carmine rose flower.

Erysimum Pumilum. Very dwarf Alpine species. Large yellow wallflower-like blossoms.

Fragaria Indica. Creeping Strawberry. Rapid grower with yellow blossoms and showy red fruits.

Geranium Grandiflorum. An extremely large flower. Clear blue. A most unusual plant, and very much admired. The stock is limited. 75c.

Geum Borisii. Neat evergreen foliage. Brilliant orange scarlet flowers. Stock limited. 50c.

Geum Lady Stratheden. Large double golden yellow flowers. Very fine.

Geum Mrs. Bradshaw. Double red. Showy.

Globularia Cordifolia. Metallic blue leaves in winter. Round heads of pretty blue flowers.

Gypsophylla. Paniculata. Small white flowers in great profusion. Useful for bouquets.

Gypsophylla Repens. White flowers, trailer. Good rock plant.

Helleborus Niger. Christmas Rose. Blooms all winter. Anemone-like flowers. Tinted like apple blossoms. Very lovely for a sunny corner in winter. Rare. 75c.

Helianthemum Vulgare. Rock Rose. Various shades, white, yellow, pinks, and reds. Flowers like miniature wild roses. Constant bloomer. Doubles and singles. Showy. 25c-50c.

Heuchera Sanguinea. Coral Bells. Coral red flowers 12 in. high in loose panicles.

Hypericum Reptans. Prostrate evergreen glaucous foliage. Large golden yellow flowers. 35c.

Hypericum. From White River glacier. A charming carpet with minute bronze foliage and tiny yellow flowers. 35c.

Linaria Alpina. Flowers bluish violet, like small snapdragons. Dwarf.

Leontopodium Alpinum. Edelweiss. A well known Alpine. Small yellow flowers surrounded by star-like heads of leaves clothed with a dense woolly substance. 4-6 in. 35c.

Linum Narbonense. Elegant blue green foliage, graceful arching stems, beautiful circular blue flowers.

Linum Perenne. Intense sky blue flowers.

Lychnis Alpina. Pink flowers, April and May. 3-4 in.

Lychnis Viscaria Flore Pleno. Very double brilliant carmine flowers, April to July. 6-8 in.

Lysimachia Nummularia. Pretty flat growing evergreen trailer with yellow flowers.

Mentha Requieni. Dense green carpet of fragrant mint foliage. 35c.

Myosotis. Alpine Forgetmenot, dwarf and free flowering.

Nepeta Mussini. A fine rock mint for sunny locations. Lovely clouds of soft lavender blue flowers all summer. 12 in. high.

Papaver Orientalis. Various shades of pink and red.

Pentstemon Glaber. Fine evergreen foliage, brilliant tubular, bright blue flowers.

Phlox. Amoena. One of the best for carpeting. 4 in. high, a sheet of bright pink in early spring.

Phlox Canadensis. Neat tufted habit, slender stems with heads of lovely lavender blue flowers.

Phlox Sublata. Mossy Phlox. A charming creeper, covered in very early spring with masses of flowers. Two separate colors, white or rose.

Polemonium Humile. Low slender plant, flowers bell shape, blue, with the odor of grapes.

Polemonium Reptans. One foot or less. Blue flowers.

Polemonium Richardsonii. About 18 in. high. Various shades of blue.

Plumbago Larpentae. Dwarf spreading habit, bronze foliage, deep blue flowers in fall. 6-8 in.

Primula Cashmeriana. Earliest of all, with umbels of rosy lilac to white flowers. 50c.

Primula Japonica. Hybrids. New hybrids of rose, orange and carmine flowers in whorls. 10-14 in. 50c.

Primula Veris. Hardy primrose. Splendid border plant. Our strain includes various shades of blue, buff, orange, red, pink and yellow. We also have cowslips and hose-in-hose types. 15c to 50c.

Pyrethrum Grandiflorum. Daisy-like flowers, white to dark rose, doubles and singles. 18 in.

Sagina. Densely tufted plant, covering the ground like sheet moss, flowers white, studded all over the plant.

Saponaria Calabrica. Brilliant masses of pink flowers in spring.

Saponaria Ocymoides. Lovely pinkish rose blossoms, very free flowering.

Saxifraga Aizoon. A valuable alpine, much tufted, forming dense rosettes, flowers white, 6-10 in.

Saxifraga Caespitosa. Pure white flowers from dense green tufts.

Saxifraga Decipiens. Guilford's hybrids. Lovely shades of rose and pink, foliage forms a soft evergreen carpet.

Saxifraga Macnabiana. Foliage in rosettes, silver gray to bronze in winter, flowers white with pink dots. 10 in.

Saxifraga Megasea. Cordifolia. Handsome broad-leaved foliage, which alone would make them invaluable. Rose pink flowers very early in large clusters.

Saxifraga Pyramidalis. Very robust, 2 ft. when in flower. Rosettes large and glaucous, white flowers in large panicles. A fine showy plant.

Saxifraga Umbrosa. London Pride. Leaves form dense rosettes 6 in. across. Flowers white speckled carmine.

Sedum Acre. Stems creeping branched, flower stems 2-3 in. high. Flowers yellow. Thrives in poor soil.

Sedum Album. Habit same as above. Flowers white. 3-4 in. June to August.

Sedum Kamtschaticum. Branches 6-10 in. long. Flower stems 4-6 in. high, flowers numerous, yellow. June to August.

Sedum Middendorffianum. Dark serrated foliage, yellow flowers.

Sedum Purpurascens. Flowers rose colored, foliage purplish.

Sedum Sexangulare. Flowers yellow, 2-3 in. June to August.

Sedum Spectabile. One of the prettiest erect growing sedums. Broad light green foliage, with immense flat heads of rose colored flowers. 30c.

Sempervivium Arachnoideum. Cobweb Hen and Chickens. The tips of the leaves are connected with long, soft white hairs. Salmon pink flowers on 3-4 in. stems.

Sempervivium Glaucum. Rose colored flowers, foliage gray green.

Sempervivium Laggeri. Leaves gray green, red violet at the tips. Flowers rose.

Sempervivium Montanum. Flowers mauve red on 3-6 in. stems.

Sempervivium Tectorum. Rosettes 3-4 in. in diameter. Leaves tipped with red brown. Flowers rose colored.

Sempervivium Triste. Leaves brownish, flowers white.

Silene Acaulis. Cushion pink. Moss-like tufted plant 2-in. high with reddish flowers. 40c.

Silene Alpestris. White flowers. An elegant dwarf species. 40c.

Silene Shafta. The most satisfactory of all silenes. Trailing, 3-6 in. Carmine flowers.

Thymus Serpyllum. Thyme. Forms dense mats of dark green, fragrant foliage and clouds of white flowers.

Thymus Coccineum. A rosy red flowering form of the preceding.

Thymus Lanuginosus. Woolly Thyme. Same habit as preceding, but with woolly foliage and pink flowers. An unusually good creeper.

Tritoma Pfitzerii. Red Hot Poker. Rich blooming border plants. Very decorative with 3-4 ft. spikes of bloom. 35c.

Tritoma Corallina. Flowers yellow. Plant more dwarf than the preceding. 35c.

Tradescantia Virginica. Spider Wort. Good for moist places. Brilliant blue flowers 12-18 in. high. May to September.

Veronica Cataractae. A gem for the rockery. White flowers in profusion.

Veronica Corymbosa Stricta. A fine alpine, dense plumes of azure blue flowers.

Veronica Prostrata. Flowers blue, lovely trailer 3 in. high. May and June.

Veronica Spicata. Flowers violet blue in long spikes. Dwarf habit.

Veronica Spicata Alba. Flowers white.

Veronica Spicata Rosea. Very neat dwarf form. Flowers pink.

Veronica Repens. Fine trailing species with deep blue flowers.

Viola Bosniaca. Flowers rosy lilac. April-Sept. 30c.

Viola Jersey Gem. Flowers fine purple. An extremely heavy all-season bloomer. 30c.

Viola G. Wermig. Large blue flowers all summer long. 30c.

Viola Rivieriana. An excellent violet for the rockery, standing sun and drought. Flowers light blue. All summer.

Zauschneria Californica. A low-growing perennial with red fuchsia-like flowers. Remarkably drought resistant. Foliage a pleasing gray. Trailing. July to October.

MISCELLANEOUS BULBS AND ROOTS

These are only available for fall planting. In addition to the ones listed we grow a limited number of other interesting native plants from the east, middle west and south. We have also a fine collection of

western wild flowers and bulbs. Correspondence solicited regarding these wildlings. Write for our paeony list.

Autumn Crocus. *Colchicum Autumnale*. Broad green leaves in spring, which die down in summer. Lovely orchid crocus flowers in early fall. 25c.

Blood Root. *Sanguinaria Canadense*. A low perennial with pure white water lily like flowers in early spring. 25c.

Black Calla of the Nile. *Amorphophallus Rivieri*. Flowers are like huge callas but of a dark chocolate color. Individual flowers are sometimes a foot and a half long. Tubers 35c to \$1.00, according to size.

Feather Hyacinth. Lovely and curious flowers 9 inches high with feathery plume-like spikes of lovely lilac blue color. Fine for the rock garden. \$1.50 a doz.

FERNS

These are native eastern and southern species for dry shady places.

Athyrium. *Filix Femina*. Lady Fern. A large handsome fern from one to three feet high. 35c.

Dennstedtia Punctilobula. Hay-scented Fern. 12-18 in. Will grow in sun or shade, soon forming a compact mass. 35c.

Dryopteris Clintoniana. Clinton's Wood Fern. 2 ft. or more in height, producing fine masses of greenery. 35c.

Osmunda Cinnamomea. Cinnamon Fern. 2-4 ft. high, 8 in. wide. Likes a peaty soil. 50c.

Osmunda Claytoniana. Interrupted or Flowering fern. Prefers a dry, stony soil. Thrives in the open sun. Popular for porch and foundation planting. 50c.

Osmunda Regalis. Royal fern. Pale green fronds. 2-3 ft. It can be grown in still water. A lovely fern. 50c.

Pteritis Nodulosa. Ostrich Plume Fern. Fronds 3-5 ft. by 6-10 in. wide. An erect handsome species. Graceful as a palm. Plant in leaf mold or rotted peat. 50c.

Pellaea Atropurpurea. A small rock loving fern with attractive gray green fronds and black stems. Stands drought and sun well. Native of Texas. Hardy. 35c.

LILIES

Aratum. Gold Banded Lily of Japan. Immense white flowers thickly spotted with brown, each petal having a golden yellow band through the center. 25c.

Candidum. Madonna Lily. Waxy white flowers in large clusters. June flowering. 25c.

Canadense. Canada Lily. 2-4 ft. Flowers various shades of yellow, orange and red. 35c.

Carolinianum. Carolina Lily. Flowers orange red and very fragrant. Rare. 35c.

Elegans. Upright flowers in shades of orange and red. 35c.

Giganteum. Easter Lily. Lovely large white lily bells. 35c.

Grayi. Gray's Lily. 2-4 ft. A beautiful lily with deep reddish bell shaped flowers. Showy. 35c.

Pardalinum. Leopard Lily. Bright scarlet and yellow flowers spotted with rich brown. Robust and free flowering. 35c.

Regale. Regal Lily. A strong growing lily of easy culture. Ivory white flowers tinted with pink and brown on reverse of petals. 50c.

Speciosum. Rubrum. Flowers white with a pink band in the center of each petal, and numerous crimson spots toward the center of the flower. 30c.

Superbum. Turk's Cap Lily. 4-8 ft. Flowers bright orange with dark purple spots. A heavy bloomer, fine among shrubbery and in border plantings. 30c.

Tigrinum. Fortuni. Tiger Lily. Well known variety. Rich orange and yellow flowers marked with small black spots. Double and single varieties. 30c.

BULBS

Grape Hyacinth. California Giants. Much larger than ordinary Grape Hyacinths. Fine deep blue. Fine for the rock garden or naturalizing. 75c per doz.

Iris, English. Lovely wide petaled flowers similar to Japanese iris, foliage grass like. A very deep blue. \$1.50 per doz.

Iris, Spanish. Narrow petaled flowers in a wide range of colors. Mixed shades of white, yellow, bronze, lavender and blue. \$1.00 per doz.

Jack-in-the-Pulpit. Arisaemma Triphyllum. Curious black and green calla-like flowers from the Middle West. Plant in the shade. 25c.

Tigridia Pavonia. Shell Flower. Leaves sword shape, 1½-2½ ft. tall. Flowers are three petaled, cup-shaped shaded apricot salmon with maroon spots in the center of the flower. Produced in succession through the summer. \$1.50 per doz.

Scilla. Nutans. Wood Hyacinth. Lovely Spring flowering bulbs with small hyacinth-like flowers in shades of white, blue and pink. Mixed shades only. 75c per doz.

AQUATICS

We grow the following aquatic plants suitable for pools.

Prices 25c except as noted.

Parrot's Feather. A dainty feathery leafed foliage plant which floats on the water.

Water Hawthorn. Oblong green leaves and sweet scented flowers, white with purple dots. Very free blooming.

Water Poppy. Heart-shaped bronzy leaves and yellow blossoms much like California poppies.

Pickerel Weed. For the edge of the pool. Big sturdy leaves rising from the water. Flowers a lovely blue. 50c.

Water Hyacinth. Round bulb-like leaves inflated with air, flowers soft blue. Goldfish spawn on the roots of this plant. Not hardy.

WATER LILIES

Nymphaea Odorata. White sweet scented. Free flowering. \$1.00.

Chromotella. Pale yellow flowers, leaves green mottled with brown. A heavy bloomer. \$1.50.

Rosea. Soft pink. Sweet scented. \$1.50.

Pink. Rose Arey. Very lovely deep rose pink. Fragrant and free blooming. One of the very best. \$4.50.

Mrs. Shaw. A large flowering deep red. \$3.00.

GOLDFISH

We grow a fine lot of fish of the following varieties:

Common goldfish, comets, Japanese fantails, shubunkins, and telescopes. Prices 25c to \$1.00, according to size.

IRIS

The iris is one of the most satisfactory plants in cultivation, thriving in almost any situation and under almost any conditions. It is tall, 4 to 5 feet; it is dwarf, 3 to 12 inches. The range of colors is wide; every tone and shade is represented except the shocking red of the salvia. The foliage is ornamental, the blooming season long. What more could any garden lover wish?

We are glad to welcome visitors at any time, even in winter, when the lovely *Speciosa* is in bloom. The dwarf bearded iris begin blooming early in April, and from then until July first our gardens are a veritable riot of color. We recommend a visit to our gardens during the blooming season, as we feel that a better selection can be made if the plants are seen in bloom in the field.

SPECIES OF BEARDLESS IRIS

This list contains some of the most desirable species, varieties, and hybrids.

Acoroides. Sprays of canary yellow flowers with brown veins. Very fine. A native of Syria. 50c.

Chrysographes. Yellow and blue. A fine variety. \$1.00. China.

Cristata. Plant dwarf; very fine blue flowers. A good rock garden subject. 35c. Mountains of West Virginia.

Delavayi. Rich violet flowers. Native of Tibet. \$1.00.

Foetidissima. The seed pods remain in the plant in winter, bursting open and displaying rows of orange red berries. The flowers are inconspicuous. Central and southern Europe. 50c.

Foresti. A dwarf yellow. \$1.00.

Fontanesi. Lilac flowers. 50c.

Foliosa. A beautiful purple blue. 50c.

Fulva. Reddish brown or copper colored. Southern U. S. 50c.

Graminea. Violet blue flowers. Very fragrant. 50c.

Gracilipes. Lovely blue flowers. Fine rock garden subject. Rare. \$1.50.

Hookeri. A beautiful blue iris. 50c.

Hyacinthiana. A new introduction from Kansu, China. Very ornamental. Flowers pale blue and white. 75c.

Japonica. Evergreen foliage. Lilac flowers in racemes. Frilled. Shady border. Japan and China. 50c.

Longipetala. Flowers bright lilac. 35c.

Missouriensis. Various shades of blue. S. D. to Ariz. 50c.

Prismatica. Lilac purple with yellow throat; darker veins. Eastern U. S. 50c.

Ochroleuca. White stained yellow. 50c.

Pseudoacorus. Deep yellow flowers with brown veins. Wet sunny position. S. Europe and Syria. 35c.

Ruthenica. Deep blue purple flowers. North China. \$1.00.

Stylosa. Flowers deep reddish purple. Blooms November to April. Should have a place in every garden. Algeria. 50c.

Tectorum. Japanese roof iris. Violet blue frilled petals. Very large crest. A most interesting type. 50c.

Tenax. Dainty flowers in various shades of white and lavender. Heavy bloomer. Native of Cascade Mountains. 35c.

Verna. Dwarf. Very choice. Clear violet. One of the best. Shade. Kentucky and Virginia. 50c.

Versicolor. Violet blue. Northern U. S. 35c.

Wilsonii. Seedlings, yellow to purple. Western China. 75c.

SIBERICA

- Emperor.** Tall; a fine dark blue purple. 50c.
Lady Northcliffe. Tall. White ground with dark blue penciling. 50c.
Miss Dodo. Large flowers, blue veined white. 50c.
Perry's Blue. The best light blue. 50c.
Superba. Blue. 50c.
Snow Queen. A splendid white. Good for cutting. 50c.
True Blue. Azure blue of splendid texture. 50c.
Dorothea K. Williamson. Deep velvety purple flowers. A fine exhibition flower. 50c.

DWARF IRIS

In the descriptions "S" denotes standard or upright petals; "F" denotes falls or drooping petals.

Pumila, Chameiris and Hybrids.

Albatre. 7½-inch; a near white, veined pale lilac, beards white. 35c.

Alpin. 5-inch. S., Lobelia blue; F., reddish purple. 35c.

Armee D'Orient. S., yellow; F., lightly washed violet. 35c.

Azurea. 6-inch. Very early; sky blue. 75c.

Barbara. 10-inch. Cream, purple and olive. 35c.

Balceng Bluebeard. 10-inch. Cream, green and blue. 25c.

Balceng Curiosity. 10-inch. Yellow, purple and olive. 25c.

Balkana. 8-inch. Reddish purple. 50c.

Biflora. 6-inch. Purple violet. 35c.

Bluestone. 6-inch. S., violet; F., purple. 35c.

Boquet. 6-inch. White and pale red. 35c.

Brautjunfer. 6-inch. S., lilac white; F., yellow at base, purple at ends. 35c.

Burgos. 6-inch. Violet lilac, a reddish tone. 35c.

Buzzer. 9-inch. S., light lavender blue; F., same color, overcast rusty; gives the falls a pink tone. 75c.

Canari. 9-inch. Straw yellow self. 35c.

Candida. 6-inch. A white self. 50c.

Chameiris Aurea Maculata. 6-inch. Yellow and maroon. 35c.

Comandant Driant. 6-inch. S., white tinted violet; F., violet. 35c.

Contesse Hautville. 6-inch. S., violet purple; F., garnet. Extra good. 35c.

Cyanea. 6-inch. A medium blue self. Good 25c.

Danny Boy. 6-inch. S., Red purple; F., darker, rich red beard. \$1.00.

Ditton Purple. 5-inch. This is one of my best; dark plum, purple self. 35c.

Dixmude. 6-inch. Dark blue and reddish violet. 35c.

Endymion. 9-inch. Very beautiful dark ruby red self. 50c.

Harbor Lights. 8-inch. Best light sulphur yellow. 75c.

Huron Imp. 6-inch. Very large flowers; dark blue, almost black; very floriferous. \$1.00.

Judy. 9-inch. A dark ruby self; very fine. 75c.

Le Lido. 8-inch. Lilac self. 35c.

Lutea. 6-inch. Yellow self. 25c.

Marocain. 10-inch. One of the best dark blues. 50c.

Macrocarpa. 5-inch. A true pumila of rich violet tones. The very earliest to bloom. 35c.

Max. 6-inch. S., gold yellow; F., darker, a very fine iris. \$1.50.

Mistral. 8-inch. S., violet purple; F., reddish purple. 35c.

- Negus.** 5-inch. Dark blue purple self. 35c.
Niobe. 5-inch. This is a real beauty. Very dwarf; dark purple self; blue beard. One of the best blue blacks. 35c.
Nudicaulis. 8-inch. Reddish blue. 35c.
Orange Queen. 8-inch. Deep yellow self. One of the fine dark yellows. 35c.
Oriental. 8-inch. S., ruby red; F., garnet. 75c.
Petite Amie. 8-inch. Greenish white and cream. 35c.
Reichenbach. 6-inch. Yellow self. 35c.
Reichenbach. 6-inch. Var. orange; deeper yellow than type. 35c.
Royal Purple. 6-inch. A very dark purple self. 35c.
Snow Cap. 10-inch. White self. 35c.
Silver Elf. 10-inch. S., pure white; F., gray, delicately lined light blue. 75c.
Socrates. 8-inch. Claret red self. A very fine dwarf. 50c.
Trautlieb. 12-inch. A very fine pink. 35c.
Wigan. 8-inch. The general tone as viewed from a distance is a brownish red. Very pretty. 50c.
Zobeida. 6-inch. S., smoky lavender; F., dark velvety lavender purple, with a bloom on the petals. 35c.

JAPANESE IRIS

These lovely iris are as yet but too little known. They bloom after the bearded iris and continue for some weeks. They do best planted in sunlight and well watered previous to blooming. Best results are obtained when they are fertilized with sheep manure. Beside the named varieties listed below we also have a number of lovely unnamed varieties of equal merit. We would be pleased to have you visit our gardens during the blooming season, as Japanese Iris need to be seen in bloom to be fully appreciated. The number of petals is designated by the figure in parenthesis.

Albatross. (6) Beautiful pure white, best of all double whites. 50c.

Aspasia. (3) Amethyst with delicate blue lines radiating from the central yellow bar. Center darker. \$1.00.

Ayasi. (3) Claret; penciled white surrounding the gold bar, stamens white tipped lavender. 50c.

Avigata. (3) Dark plum and gray with purple veins. 50c.

Azure. (6) Immense flower exquisitely waved, mauve blue, darker halo surrounding yellow blotch at base of petals. 50c.

Catherine Parry. (6) Blue overlaid rosy red, high tufts in center almost triple. 50c.

Clarice Childs. (3) Petunia violet conspicuous yellow center surrounded with blue. Large. 75c.

Cloud Dress. (6) Gray ground with prominent purple lines radiating from the gold bar. 50c.

Choisei-Den. (6) Ruffled claret and white. 50c.

Columbia. (6) Blue with pure white veins. A striking variety. 50c.

Date-Dogu. (3) Rich claret red, orange blotches surrounded by blue halo. 50c.

Dominator. (3) Rich indigo blue with narrow white stripes and light center. One of the finest. 50c.

Doris Childs. (6) Pearl white deeply veined rosy plum, center petals deep plum edged white. 50c.

Sofu-No-Koi. (6) Mottled blue and gray. 50c.

Shadow. (3) Reddish purple self. Large and fine. 50c.
